Professional Summary

Front-End Developer based in Melbourne, Australia, with expertise in React and modern JavaScript. Skilled in creating responsive, accessible user interfaces and translating designs into clean, efficient code. Experienced in Agile methodologies, version control, and API integration. Combines technical proficiency with a focus on user experience to build engaging web applications. Committed to continuous learning and adapting to industry trends. Aiming to leverage these skills to create impactful digital solutions and contribute meaningfully to a development team.

Technical Skills

Languages: HTML, CSS, JavaScript, TypeScript

Frameworks React, Bootstrap, Tailwind CSS, Material-UI

Developer Tools: VS Code, GitHub, Git, Firebase, Figma,

Experience

React Developer

July 2024 – Present

QuickSiteGuru - Melbourne Vic, Australia

- Developed reusable React components using Material UI, translating Figma designs from UI/UX designers into responsive and accessible UI components.
- Worked in an Agile Scrum environment, participating in daily stand-ups and sprint-based development to collaborate with team members and Scrum Masters on implementing new features and improving existing ones.
- Utilized GitHub for version control, creating pull requests, and participating in code reviews to ensure high-quality deliverables while working closely with team members and Scrum Masters.
- Conducted local testing and integration of Stripe API and Firebase backend, ensuring seamless functionality and secure payment processing within the React application.

Web Developer Intern

April 2024 – July 2024

QuickSiteGuru - Melbourne Vic, Australia

- Developed responsive website templates using HTML, CSS, and JavaScript hosting them on QuicksiteGurus platform.
- Contributed to improving the company's template library, enhancing the product offering.
- Consistently applied and expanded knowledge of modern web development practices.
- Applied knowledge of CSS frameworks such as Bootstrap and Tailwind to template gallery.
- Proactively participated in weekly meetings, providing constructive feedback to peers and incorporating feedback received to improve work quality and performance.

Projects
